Dialing Instructions

- Dial the AT&T access number for the country from which you are making the call.
- You will hear a tone and a recorded greeting. Once the recorded greeting ends, dial the Company's hotline number: (866) 490-3414. You will be connected with Global Compliance, an independent third party that administers the Company's complaint hotline.
- You will then be instructed to press 1 for English, 2 for Spanish, 3 for Portuguese, or 4 for Norwegian. After choosing a language, you will be connected to a live communications specialist at Global Compliance.
- In some countries, a live AT&T operator may answer after dialing the AT&T access number. You can provide the Company's hotline number to the operator verbally or dial it into the phone.
